The duty under the old law ran fort and forty-five per cent. The advance averages with that in the two preceding paragraphs from the act of Congress Maybe it will put up prices.

Do you object to this increase? Do Furniture, 25 to 50 per cent resuction. you think it unnecessary and vicious? Is it your opinion that it wrongs th poor consumer? In the month of August last glas

ware coming under the above provisions was imported into this country to the declared value of \$216.769 in the eight months of the year ending August 31, to the declared value of \$1. 406,650. The actual value was greater. Do you prefer to have more or less

glassware imported? Would you rather have this glassware made in England, France, Belgium, Germany, Bohemis than, for instance, in Wheeling? You are aware that Wheeling is largely engaged in the manufacture of glass, understands the business and has the capital and skill to conduct it. You know that a large part of the people of Wheeling live on the glass industry. Would you have their bread-winners get more employment and more wages, or less

imployment and less wages? Don't you know that labor is the chief element in production?

Perhaps you will hear respectfully a gentleman not long since largely on gaged in the manufacture of glassware in Wheeling—a Democrat who has had the honor of a complimentary vote for the United States Senate, whom some of your party considered in connection of your party considered in connection
